Stanford University Medical School
Palo Alto, California

Dear Josh:

Taddy Horiuchi, who has been with me these last three years, is making a final trip around the country before returning to Japan. He is going to be at Palo Alto around the 28th of September and would like to see you. He will call you shortly before that date to arrange an appointment if possible. I hope that you can see him, as he is very bright and very nice, besides.

We are off to Paris this week and things are unbelievably hectic as we near departure time.

Please give my best regards to Esther.

As ever,

Aaron Novick
